Multiplier event in Italy

10 July 2019
11 July 2019

Report

Premise
The multiplier event in Italy was organized according to the project proposal.
Indeed, it was planned "*at the end of the IO1*."
To evaluate the project's impact and the satisfaction of target groups and stakeholders, partners decided to organize all events giving them the same structure.
All partners collaborated to prepare the material for this multiplier event.
According to the proposal, PowerPoint presentations have been carried out in English, then translated in Italian.

Event organization
According to the project proposal, this multiplier event focused on "*Methodologies and need analysis.*"
Note that, in the project proposal, it has been written that multiplier events "*will focus on the project results, namely:*
- evidence-based guidelines for parent-training
- parent training course for parents of children with behavioral disturbs".
It is evident that the above sentence is referred to multiplier events in general.
This multiplier event is compliant with the project proposal that indicates that all multiplier events should be divided "into two sessions:
- First session
- Presentation of the ESEC project: motivations, objectives, planned outputs, consortium partners and their roles into the project 20 minutes)
- Presentation of the context: parent training and coaching (20 minutes)
- Presentation of the project results (120 minutes)
- Discussion (40 minutes)
- Second session
- Educational aspects (40 minutes)
- Discussion (40 minutes)
- ESEC experience (40 minutes)
- Discussion (40 minutes)
- Conclusion"

Multiplier event Agenda
Two sessions of the same multiplier event have been organized to meet the target groups and stakeholders' needs.
On 10 of July, the multiplier event has been organized at the University of Udine; then, on 11 of July, the same event has been replied at the Centro Micesio (associated partner).
The Agenda was the same for both the events:

Sessione I
Presentazione del progetto ESEC (motivazioni, obiettivi, risultati attesi, partner del consorzio e loro ruoli)
9:30 – 10:00 Presentazione del contesto: parent-training e coaching
10:00 – 11:00 Presentazione dei primi risultati
11:00 Coffee break
11:15 – 13:00 Presentazione risultati e discussione
13:00 Lunch

Sessione II
14:00 – 15:30 Aspetti educativi e discussione con genitori di figli affetti da autismo
15:30 -16:00 I prossimi passi del progetto
16:00-17:00 Discussione e conclusione

Participants
28 persons participated in the multiplier event.
They were:

- Social educators and support teachers
- Parents of children with behavioral disabilities
- Students in social educators' and social workers' study programs

Also participated the managers of the Centro Micesio.

Event presentation
To publicize the multiplier event, a flyer has been sent by email to target groups and stakeholders.

ESEC
Extending Social Educators competences

Co-funded by the Erasmus+ Programme of the European Union

Ecoistituto del Friuli Venezia Giulia

Progetto: EXTENDING SOCIAL EDUCATORS COMPETENCES (ESEC) -2018-1-PL-KA204-051126

Malgrado ci sia un moltiplicarsi di iniziative di parent-training, non esistono, al momento, line guida evidence-based che supportino la progettazione, lo sviluppo, e lo svolgimento di programmi di parent-training per genitori con figli affetti da disturbi comportamentali, quali l'autismo.

Inoltre, le tecniche di parent-training non sono studiate in profondità dagli studenti dei corsi per educatore professionale e educatore sociale.

Il progetto ESEC intende fornire agli educatori sociali le nozioni necessarie per progettare e condurre corsi online di parent-training.

Il progetto, svilupperà un programma innovativo di parent-training per genitori con figli affetti da disturbi comportamentali allo scopo di estendere le competenze e abilità di educatori e insegnanti di sostegno.

I progetto intende ottenere i seguenti risultati:

- Realizzare line guide evidence- based per il parent-training;
- Realizzare un programma formativo in un ambiente online.

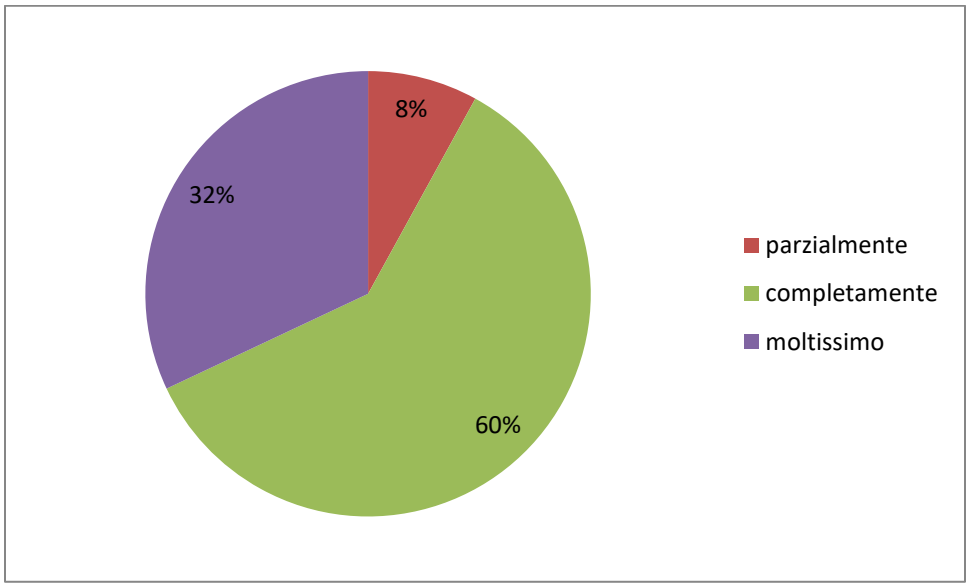
Dopo essere stati opportunamente addestrati, un gruppo di educatori svilupperà un programma educativo di parent-training con il supporto di esperti e supervisori.

Participants' satisfaction

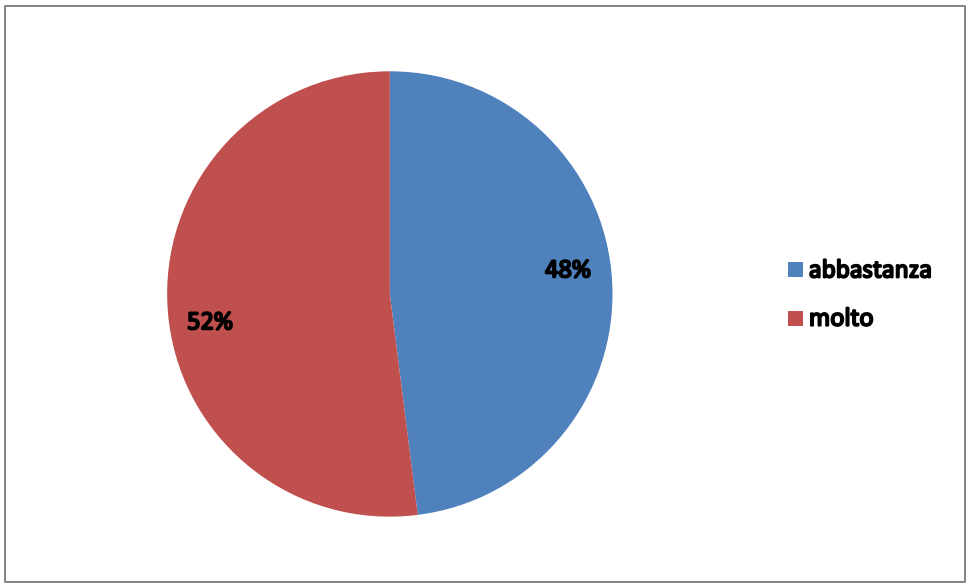
A questionnaire has been submitted to the participants in the multiplier events. 25 participants have filled it.

They expressed their satisfaction with the project.

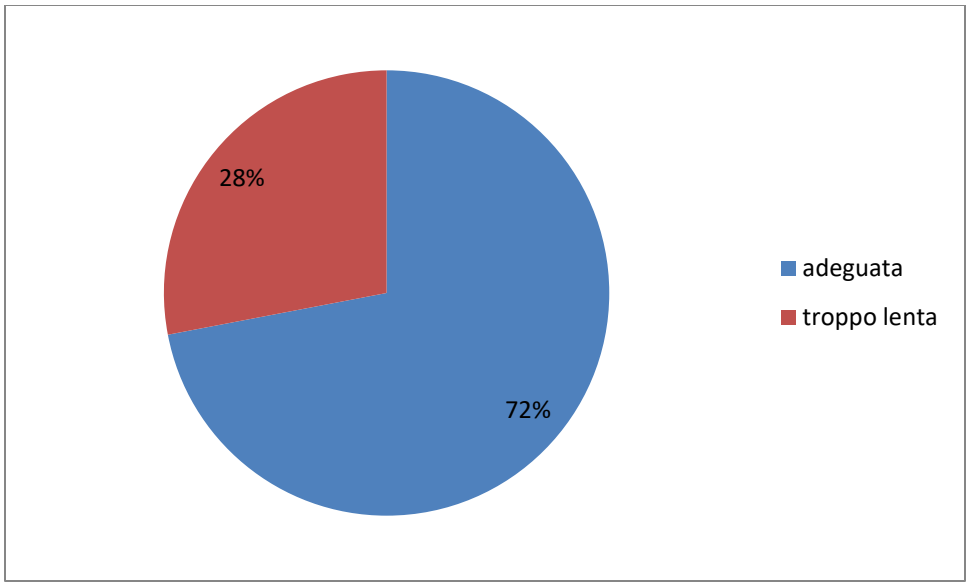
Here the questionnaire's results.



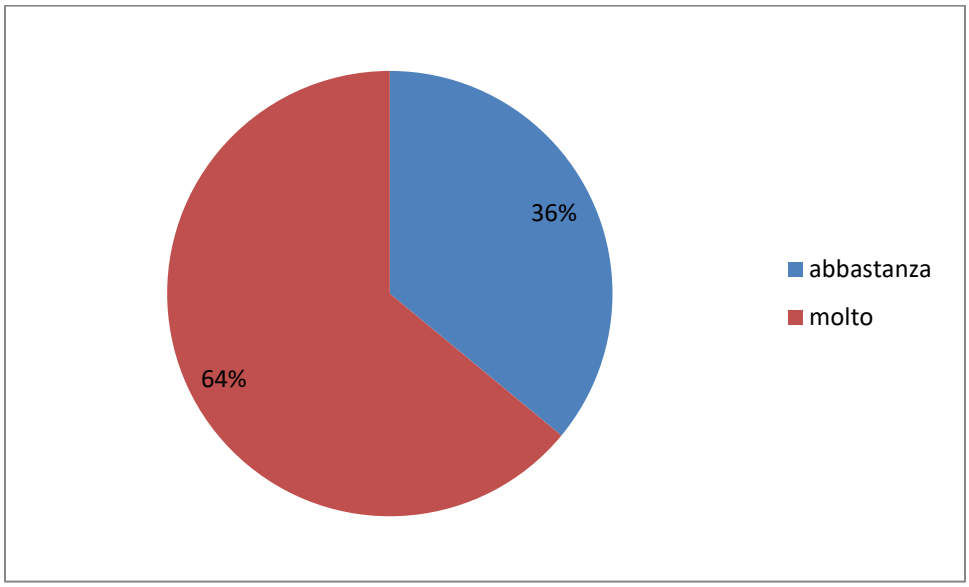
L'incontro ha soddisfatto le tue aspettative?



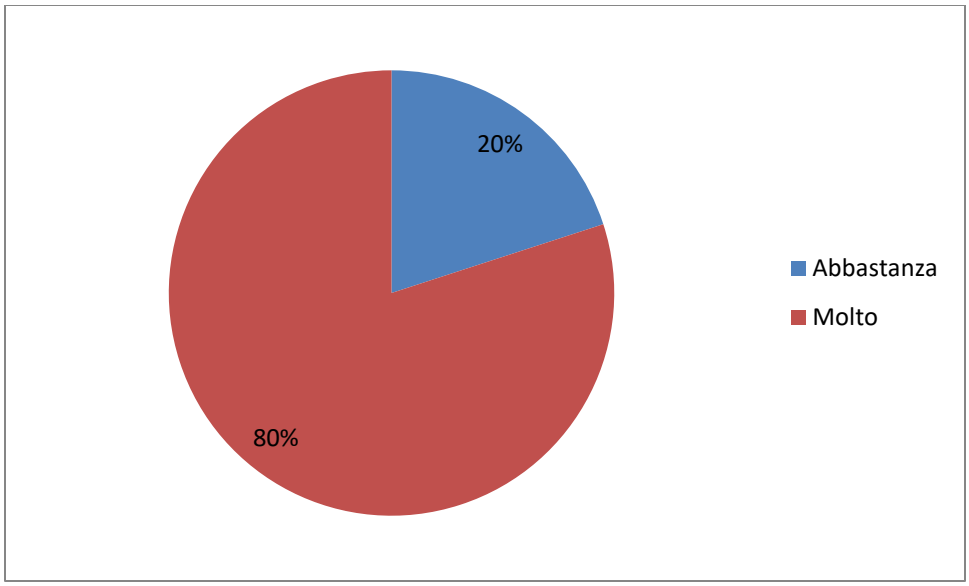
Gli argomenti sono stati presentati in modo soddisfacente?



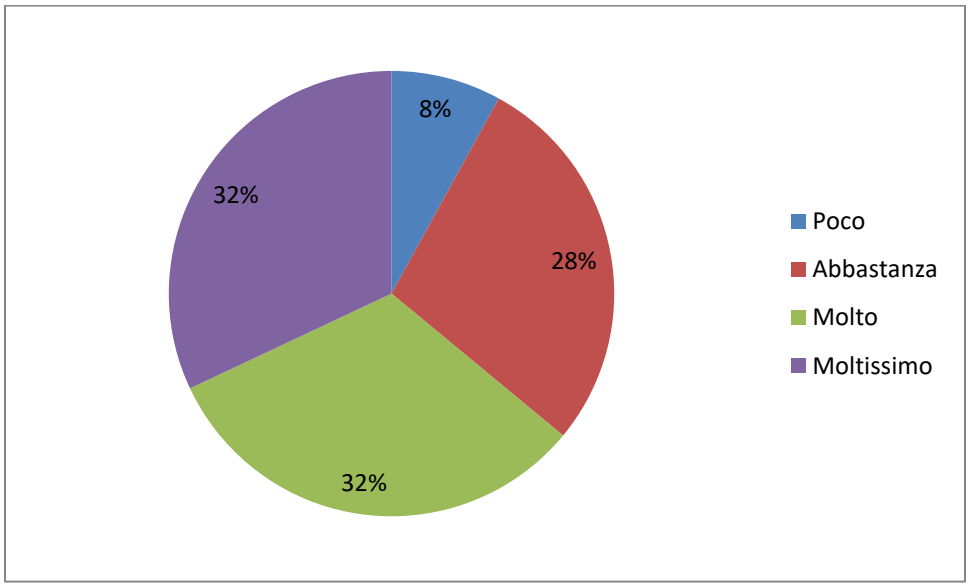
La presentazione è stata



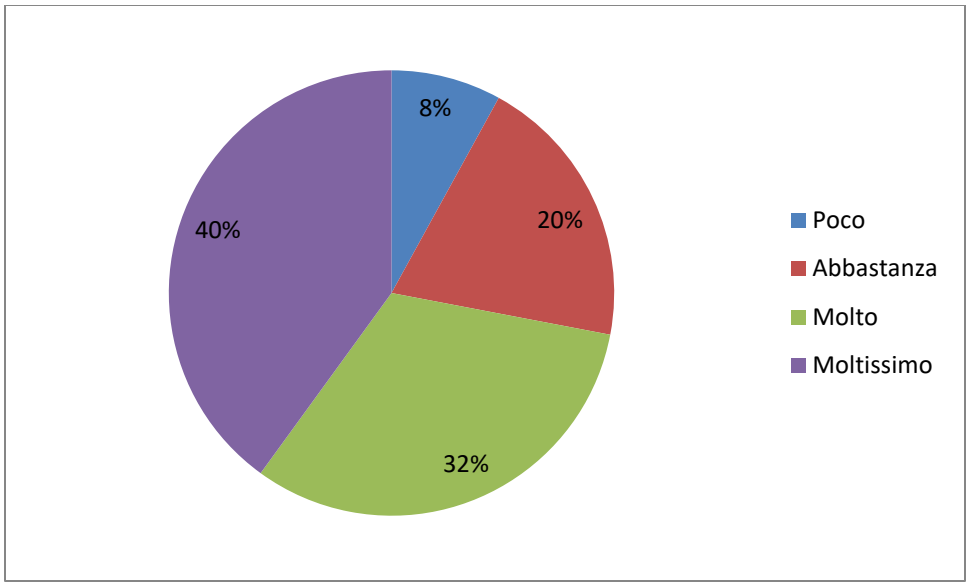
E stato possibile interagire?



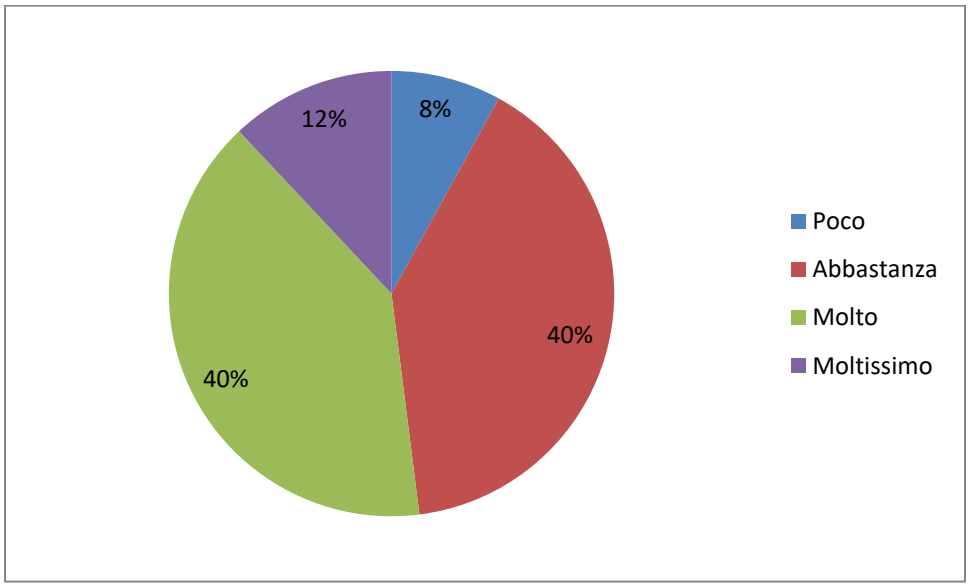
Il progetto incontra le tue aspettative?



Ritieni utile inserire il parent-training nel curriculum di educatore?



Ritieni il parent-training una competenza degli educatori?



Ritieni che il progetto ESEC sia utile ai genitori?
