

Extending Social Educators Competences/ ESEC Nr. 2018-1-PL01-KA204-051126

Synthesis of the training activities

By Mancomunidad de la Ribera Alta

Participants: 21 social educators.

Selection criteria:

- Their interest in the topic of parent-training.
- Their availability.
- Access to a computer and internet connection.

Learning units prepared by MANRA:

Organization of the online training course

1. Emotional Interaction.
2. Family Disruption.
3. Motivating Parents Self-care, prepared by INCLUDE (Greece).

MANRA translated in Spanish the partners' e-learning units.

E-learning platform: the Moodle system according to the requirement of the Rezekne Academy of technologies.

Distance learning tools: Cisco Webex Meetings and Power-point slides prepared for distance learning purpose. Information was posted on a Facebook profile.

Training organization: 4 small groups of learners in order to manage interactivity and respond to the needs of those learners that cannot participate in the same learning session.

Duration of distance learning lessons: 45 minutes.

Exercise tasks performed on the web:

- Searching on the internet parent training materials to realize a short report.
- Organizing a parent-training event using the didactic materials of the training course.

Training course agenda

The training course activities started on June 1 2020 and finished on June 8 2020.

On June 8, learners attended the final lesson discussing the training results.

On June 8, MANRA sent by email the certificate of attendance and the evaluation questionnaire to all participants.
